

I've Got The Power!

Feel the Power!

Everyone deserves to play as hard as they work. Yoshimura's innovative products help make your experience that much better. Our products include state-of-the-art technologies and 60+ years of experience wrapped into designs and customer service that guarantee an unrivaled ownership experience.

With Yoshimura you will feel the Power. You'll also enjoy added convenience and peace-of-mind thanks to Yoshimura's "I've got the Power": Lifetime Product Support Services; available for all Yoshimura product!

What's Included?

Yoshimura's "I've got the Power": Lifetime Product Support Services include the following:

Standard Muffler Refurbish Services include disassembly, inspection, tube resizing, surface reconditioning, and reassembly using a genuine Yoshimura repack kit (additional parts and labor are extra).

Accident Repair Services include inspection, tube resizing, surface reconditioning, replacement components, and reassembly using Yoshimura-spec muffler packing (if needed).

Why Maintenance Is Important

The "I've got the Power": Lifetime Product Support Services are key components to help provide optimal operating performance and safety of your Yoshimura equipped motorcycle.

Muffler Refurbish

Mufflers are filled with fiber packing that needs to be replaced at regular intervals depending on the rider and conditions. Mufflers with degraded packing often rob power and can quickly damage components of the exhaust system and/or the motorcycle.

Yoshimura offers Muffler Refurbish Services that are performed at the factory by the same highly skilled technicians that assembled your muffler when it was new. Who better to trust your equipment with?

I've Got The Power!

Lifetime Product Support Services

Accident Repair

Let's face it accidents happen. From time to time your motorcycle may find itself sliding on the ground. Exhaust systems are frequently damaged in motorcycle accidents.

Yoshimura offers Accident Repair Services that allow a customer to send their damaged system back to the factory where it is inspected, repaired, and sent back like new. When you buy a Yoshimura exhaust system it's a one-time purchase. Can the competition say that?

I've Got The Power!

Lifetime Product Support Services

FAQ:

1. Why is Yoshimura offering "I've got the Power": Lifetime Product Support Services?

Maintaining customer exhaust systems at the factory throughout the system's life-cycle substantially improves our customers' ownership experience. The purpose of Yoshimura's "I've got the Power": Lifetime Product Support Services is to demonstrate Yoshimura's commitment to our customers in appreciation for their loyalty to our brand. What other brands even offer to support their customers like this?

2. Are all customers eligible for this coverage?

Yes, all retail and Team Yoshimura race support customers are eligible for this service.
